

The Board's proposal to the Annual General Meeting of GHP Specialty Care AB (publ) on 25 April 2018 concerning authorisation of the Board to make a decision to acquire the Company's own shares (agenda item 17):

The Board proposes that the Annual General Meeting authorises the Board, up until the next Annual General Meeting and on one or several occasions, to make a decision to acquire the Company's own shares as follows. The Company may only acquire shares through Nasdaq Stockholm at a price within the price interval current at the time. The Company may only acquire shares so that the Company at any given time holds no more than nine percent of the total number of shares and votes in the Company.

The reason for the authorization is that the Company should be able to purchase shares to adjust the Company's capital structure to the Company's capital requirements at any given time.

Adoption of the Board's proposal requires that at least two thirds of both the votes cast and the votes represented at the Annual General Meeting are in favour of the proposal.

The Board's statement pursuant to Chapter 19 Section 22 of the Swedish Companies Act is attached as Appendix 1.
