Reasons for the election of the Board of Directors

Before each Annual General Meeting the Election Committee has performed an evaluation of the demands that will be placed on the work of the Board on the basis of the company's business, and in this connection the size of the Board, its composition and the proposed people's industrial experience and competence have been discussed.

It is the opinion of the Election Committee that the current Board has worked well and carried out its commitments satisfactorily. The different backgrounds, experience and competences of the members of the Board make a positive contribution to the diversity and breadth of the Board's work. Furthermore, it is the long-term aim of the Election Committee to work for a more even representation of the two sexes on the Board, and the proposed members of the Board are those who the Election Committee considers are most suitable to contribute to GHP's development during the coming year.

Furthermore, in the opinion of the Election Committee, the proposed Board meets the requirements of both Nasdaq Stockholm and the Swedish Code of Corporate Governance with regard to independent members of the Board.
